### Steering Group Meeting

Yesterday we held a meeting for parents concerning the Science Curriculum and Relationships Education particularly focused on year 5. It was a positive meeting and it was made clear that school are working with parents in many ways to move forward in creating a curriculum that meets the Statutory needs of our children and achieving the best possible outcomes.

**PLEASE READ 'Understanding Relationships and Health education in your child's primary school: a guide for parents.'**

This may help to clarify questions that you may have as a parent. More information discussed on Thursday will be communicated early next week.
